SUMMARY

Product marketing and go-to-market lead with 6+ years across sales, marketing, productization and strategy in B2B technology, spanning satellite connectivity, telecom, fintech, AI SaaS and banking. Owns positioning, messaging, packaging, launch planning and sales enablement end to end, currently for a Dubai-headquartered satellite and managed connectivity provider across the Middle East and Sub-Saharan Africa, reporting to the MD/CEO. Takes products from unpositioned to packaged and revenue-generating, and grows enterprise account books.

KEY ACHIEVEMENTS

- **\$256K+ closed** on a portfolio built from zero positioning, taking iPulse and iNaaS from unpositioned to packaged offerings (iSAT Africa).
- **\$300K to \$450K ARR**, up 50% in 18 months across 10+ key accounts, with account profitability up about 20% (The Teaser Company).
- **\$20K to \$150K+ deals** closed across UAE, KSA, Qatar, Kuwait, Bahrain and North America, landing two flagship UAE accounts inside a 4-month market-entry engagement (Digidarts).
- **\$300K+ B2B revenue** across 15+ enterprise accounts, with manual reporting time cut about 40% through AI workflows (The 808).
- **95% client retention**, portfolio revenue up about 30% in under 4 months (HSBC); built Citibank's Digital Account Opening from scratch to launch across 73+ accounts and a team of 20.

PROFESSIONAL EXPERIENCE

Product Marketing and GTM Consultant (Contract), iSAT Africa Ltd Fzc

Oct 2025 - Present

Satellite and Managed Connectivity | Dubai, UAE

- **Own product marketing and go-to-market** for iPulse (SaaS-based IoT monitoring and analytics), iNaaS and the satellite connectivity portfolio; took both products from unpositioned to packaged, revenue-generating offerings.
- **Build positioning and messaging frameworks**, buyer personas and segment-level value propositions for banking, retail and telecom, plus the launch plans and sales enablement that drive adoption.
- **Lead partnership and ecosystem-led growth** across Middle East and Sub-Saharan African markets, working directly with C-suite stakeholders; an earlier engagement with the same client supported the OneWeb launch ecosystem at the Seamless Digital Conference, Dubai.
- **Built the end-to-end collateral system**: industry brochures, 4 enterprise case studies (banking 5G, MNO tower infrastructure, logistics, NaaS), proposal and quote templates in Zoho CRM; run the social content engine, campaigns and the marketing operations layer, including pipeline reporting and a monthly cadence to the CEO.
